

# Can you find the word?

Three Korean initials puzzles, with English rules and answer labels.

For people who can already read Hangul. Not a beginner reading lesson.

1. Each clue shows the first consonant of each syllable.
2. Pick two syllable tiles from that round and write the word.
3. Tiles can be reused for different words. Answers are on page 2.

**Example:**    ㄱㅅ    ->    과 + 자    ->    과자    (snack)

## 01 Food

Syllable tiles

|    |                      |                      |    |                      |                      |    |                      |                      |
|----|----------------------|----------------------|----|----------------------|----------------------|----|----------------------|----------------------|
| 과  | 식                    | 주                    | 탁  | 상                    | 자                    | 추  |                      |                      |
| ㄱㅅ | <input type="text"/> | <input type="text"/> | ㅅㅊ | <input type="text"/> | <input type="text"/> | ㅅㅌ | <input type="text"/> | <input type="text"/> |

## 02 Pets

Syllable tiles

|    |                      |                      |    |                      |                      |    |                      |                      |
|----|----------------------|----------------------|----|----------------------|----------------------|----|----------------------|----------------------|
| 끼  | 목                    | 줄                    | 퐁  | 동                    | 물                    | 토  |                      |                      |
| ㄷㅁ | <input type="text"/> | <input type="text"/> | ㅁㅅ | <input type="text"/> | <input type="text"/> | ㅌㄱ | <input type="text"/> | <input type="text"/> |

## 03 Travel

Syllable tiles

|    |                      |                      |    |                      |                      |    |                      |                      |
|----|----------------------|----------------------|----|----------------------|----------------------|----|----------------------|----------------------|
| 가  | 구                    | 지                    | 휴  | 공                    | 도                    | 항  |                      |                      |
| ㄱㅎ | <input type="text"/> | <input type="text"/> | ㅅㄷ | <input type="text"/> | <input type="text"/> | ㅎㄱ | <input type="text"/> | <input type="text"/> |

The same initials can fit more than one word. Check the tiles too.

Write on this paper sheet; this is not an in-app handwriting feature.

# Answers, with a little meaning.

Match each word to its clue and syllable tiles. These are short English labels.

## 01 Food

|    |       |    |         |    |              |
|----|-------|----|---------|----|--------------|
| ㄱㅅ | 과자    | ㅅㄹ | 상추      | ㅅㅌ | 식탁           |
|    | snack |    | lettuce |    | dining table |

## 02 Pets

|    |        |    |       |    |        |
|----|--------|----|-------|----|--------|
| ㄷㅇ | 동물     | ㅇㅅ | 목줄    | ㅌㅌ | 토끼     |
|    | animal |    | leash |    | rabbit |

## 03 Travel

|    |         |    |     |    |          |
|----|---------|----|-----|----|----------|
| ㄱㅎ | 공항      | ㅅㅇ | 지도  | ㅎㄱ | 휴가       |
|    | airport |    | map |    | vacation |

Two answers fit the Travel clue:      ㅎㄱ

휴 + 가 = 휴가 (vacation)      항 + 구 = 항구 (harbor)

Both use this round's tiles. We accept both here, not just one answer.
